

Activity:

Wild work – Conservation in and beyond the zoo

Find out about an endangered animal which is cared for at Auckland Zoo (or a zoo you are familiar with). Follow the prompts below.

What animal did you choose:

Find out what the main threats are to this species in the wild:

How is the zoo helping the conservation of this species?
What actions are being used to help this species?

Often conservation involves liaising with other organisations across the world.
Try to find out the name of a conservation organisation that works with the zoo you have chosen.

What actions are taken by the conservation organisation which contribute to protecting species?
